European Journal of Operational Research 32 (1987) 481–482
North-Holland

Contents Volume 32

1 Invited Review
The present and future of metagame analysis
N. Howard
26 The application of a surgical bed simulation model (*Case Study*)
M.B. Wright
33 Maps, games and things in-between: Modelling accounts of conflict
P.G. Bennett and S.A. Cropper
47 Convergence results and numerical experiments on a linear programming hybrid algorithm
K.O. Kortanek and M. Shi
62 A hierarchical optimal control model for co-ordination of function decisions in a firm
P.L. Abad
76 Sonar array element location: A hybrid expert systems application
J.P. Ignizio, K.W. Wiemann and W.J. Hughes
86 Ranking alternatives—Comparison of different methods based on binary comparison matrices
J. Křovák
96 Interactive solutions for the linear multiobjective transportation problem
J.L. Ringuest and D.B. Rinks
107 Uncertainty and rank order in the analytic hierarchy process
T.L. Saaty and L.G. Vargas
118 A two-process implicit enumeration algorithm for the simple assembly line balancing problem
M.J. Saltzman and I. Baybars
130 A new family of exponential LP problems
J. Clausen
140 Sojourn time distributions for the M/M/1 queue in a Markovian environment
B. Sengupta
150 OR Software
152 Book Reviews
159 EURO Bulletin

Third EURO Summer Institute Special Issue

165 Editorial
V. Belton
169 Corporate strategic planning in an uncertain environment
W. Baets
182 An investigative micro-computer model of European sulphur dioxide pollution
N.J. Butterworth and S.R. Watson
191 Modeling of multi-stage decision-making processes in multiperiod energy-models
H. Gerking
205 Computer-based models and the problem of investment in water resources: A case study
H. Schaffers
225 Expert opinion use for probability assessment in safety studies: Main topics and elements of an application-oriented research program
J.F.J. van Steen
231 A methodology for aiding hazardous materials transportation decisions
J.F.J. van Steen
245 Uncertainty in reliability evaluation processes and a simulation approach to treating it
M. Vujošević
251 Optimal search for one of many objects hidden in two boxes
A. Sharlin
260 Some experiments with simulated annealing for coloring graphs
M. Chams, A. Hertz and D. de Werra
267 Multiobjective models in identification of random fields
M. Więcek

0377-2217/87/$3.50 © 1987, Elsevier Science Publishers B.V. (North-Holland)

276 Decision making on stock levels in cases of uncertain demand rate
J.P. Popović
291 A note on maximized likelihood sets
J.A. Cano Sanchez, A. Hernández Bastida and E. Moreno Bas
294 A new algorithm for quadratic programming
T. Terlaky
302 The explicit derivation of the efficient portfolio frontier in the case of degeneracy and general singularity
J. Vörös
311 OR Software
313 Book Reviews
320 EURO Bulletin

327 Invited Review
Decision models in pest management
R. Rabbinge and W.A.H. Rossing
333 Choosing an electronic cardiac pacemaker: A decision analysis (*Case Study*)
J.S. Pliskin, B. Ronen and S. Feldman
340 Performance modeling of a closed loop material handling system
B. Pourbabai
353 Planning and development of rural road networks in developing countries
D.L. van Oudheusden and M.L.R. Khan
363 An interactive, computer-aided ship scheduling system
D.M. Miller
380 Equation partitioning techniques for solving partial equilibrium models
F.H. Murphy
393 A quadratic integer program for the location of interacting hub facilities
M. O'Kelly
405 Dynamic programming and decomposition approaches for the single machine total tardiness problem
C.N. Potts and L.N. Van Wassenhove
415 A normative model of market response to sales force activities
R.Y. Damon
426 Successive linear programming for ratio goal problems
R. Armstrong, A. Charnes and C. Haksever
435 Semi-Markov dynamic programming approach to competitive bidding with state space reduction considerations
S. Gunter and L. Swanson
448 The generalized expansion method for open finite queuing networks
L. Kerbache and J. MacGregor Smith
462 Note on a conflict of assumptions in bidding models
M. King and A. Mercer
467 OR Software
